2018 WORLD SERIES- 15U DIVISION OZARK, ALABAMA

Ozark, Alabama was recently selected as the 2018 host city for the 15U division World Series. The tournament is scheduled for July 19– July 22, 2018. Located in Southeast Alabama, Ozark is the best of both worlds....a small town atmosphere with friendly people, yet close to other cities and many attractions. Ozark prides itself in being: A city for all seasons.... A city for all reasons....

Historic Eagle Stadium in Ozark hosted the 2016 inaugural World Series for the 15U division. In that same year the stadium celebrated 70 years of providing exciting baseball. The stadium built in 1946 has served as a home to both professional and amateur baseball. The showcase facility has been renovated, yet still has the old time look of a 1950's professional baseball stadium. The backdrop mixture of residential and business surrounds the stadium and protrudes a calm and relaxing atmosphere for players and spectators alike. More than adequate sheltered seating with ceiling fans greatly enhances tournament viewing and spectator comfort.

Sandy Jones, Commissioner/CEO stated; "Dixie Boys Baseball, Inc. certainly looks forward to our return visit to the playing site of our first World Series for the 15U age division. As host for three consecutive years of 15U regional events and our first 15U World Series, Ozark, Alabama rightfully earned the opportunity to host our 2018 World Series. The 2016 event was a tremendous success. It is always a real pleasure to work with Steve Sherrill and his entire staff. The City of Ozark is very supportive of our organization. We are pleased that we are able to provide additional opportunities for youth to participate in the great game of baseball. Additional information about the 15U World Series will be made available at: www.dixie.org/boys."
